

NDW CROSS SECTION DIVIDER V2

FLEXIBLE BUILD DIMENSIONS

**COMPATIBLE FOR SMALL
PACKAGES OR IRREGULAR
PRODUCT SURFACES**

FAST TRANSFER RATE

**CONSTRUCTED WITH
STANDARD NDW E-ROLLERS
AND CONTROLLERS**

D

Der NDW CSD kann für viele verschiedene Anwendungen verwendet werden. Zum Beispiel Pakete sortieren, Flows kombinieren oder aufteilen. Aufgrund seiner modularen Größe kann es problemlos in jedes aktuelle oder neue System implementiert werden.

GB

The NDW CSD can be used for a wide variety of uses. For example sorting packages, combining flows or splitting them. Due to its new design it can easily be implemented in any current or new system, with more freedom for adaptations and easier maintenance.
